# WELCOME

Dear Attendees,

Welcome to the inaugural **Critical Minerals & Energy Transition Conference and Exhibition!** We are honoured that you can join us here at Australia's international renewable energy, critical minerals, green steel, hydrogen & technologies event.

Australia is abundant in minerals, from precious metals like gold, to coal and critical minerals such as rare earths, cobalt and lithium. In particular, Australia plays an important role in supplying the critical minerals needed for diverse, resilient and sustainable global supply chains. These supply chains are crucial to the industries and technologies that support the global transition to net zero as well as domestic and regional energy security.

Here in NSW, the government aims to achieve the State's objective to deliver a 70% cut in emissions by 2035 compared to 2005 levels. The Net Zero Plan supports a range of initiatives targeting energy, electric vehicles, hydrogen, primary industries, technology, built environment, carbon financing and organic waste. This is aligned to the Federal Government's aim for Australia to transition to a net zero economy by 2050.

At Critical Minerals & Energy Transition Conference and Exhibition, we seek to share knowledge, facilitate important conversations and help regional and global mining and energy industry stakeholders stay abreast of the latest trends and developments. We have representatives from diverse industries, ranging from government, finance, mining, aviation, energy, academia and logistics, who are all committed towards achieving a common goal of a net zero economy. We hope you can build on the diversity of attendees to make excellent connections and forge new business opportunities.

This event in Sydney is part of our global Energy Transition, Critical Minerals and Mining Investment Conference Series. To date, this Conference Series have been held in Singapore, Japan, India, Australia, UK, United Arab Emirates, Canada and USA. We also organise MiningTech Conferences in Vancouver, Canada and Sao Paulo, Brazil. Globally, our events cover Africa, Australia, Asia, Latin and North America and Europe. To find out more, you can speak to us or browse at our website [www.spire-events.com](http://www.spire-events.com).

In closing, we hope you will have a great Critical Minerals & Energy Transition Conference and Exhibition experience ahead.

Yours sincerely,  
Daniel Radziszewski  
Managing Director, Spire Events

# OUR GLOBAL OUTREACH

**Mauritanides  
Conference & Expo  
(8 - 10 September 2025)  
Nouakchott, Mauritania**

**Mining & Critical Minerals Europe  
Conference & Exhibition  
(13 - 14 October 2025)  
London, United Kingdom**

**Mining & Critical Minerals America  
Conference & Exhibition  
(29 - 30 October 2025)  
Houston, TX, United States**

**Mining & Critical Minerals Canada  
Conference & Exhibition  
(12 - 13 November 2025)  
Toronto, Canada**
