EXPLORE HOW AUSTRALIA IS LEADING THE GREEN ECONOMY BY TRANSFORMING MINING AND ENERGY SECTORS & FOCUSING ON RENEWABLE ENERGY, CRITICAL MINERALS, GREEN STEEL, HYDROGEN, TECHNOLOGIES & BATTERIES TOWARDS NET ZERO FUTURE

Critical Minerals & Energy Transition Conference and Exhibition is Australia's international renewable energy, critical minerals, green steel, hydrogen & technologies show, bringing together the entire energy and mineral resources value chain to Sydney, NSW.

Global energy transition to deliver clean energy future depends heavily on critical minerals, the security of the supply chain, and will decrease the dependence on fossil fuels in favour of lower-carbon, hydrogen, renewable and nuclear energy sources. Critical minerals are essential to country's security and economic prosperity and are key building elements of all advanced technologies.

We are showcasing mining & energy companies, technology providers, downstream manufacturers, renewable energy, battery hubs and universities. That connected ecosystem foster strong partnerships that are carving out Australia's position as the **Renewable Energy Superpower**.

Position your company at the forefront of the mining & energy industry undergoing structural changes & challenges to support the global transition to a green energy future, alongside **12+ exhibitors** from across the resources ecosystem and value chain.

Meet with **200+ key decision makers, qualified buyers and industry professionals** who are actively seeking projects, products, technologies and solutions that will accelerate the mining momentum in Australia, and beyond.

Join us at an invaluable platform to get access to **strategic agenda** covering latest industry pressing issues, exhibition floor, 1-2-1 meeting matching tool and networking receptions for **new partnerships & business opportunities**.

AUSTRALIA'S PATH TO NET ZERO FUTURE

AGENDA AT GLANCE

Australia and the world are undergoing the biggest and fastest economic transformation since the industrial revolution. Action to reduce emissions will help prevent the worst impacts of climate change, but will also create a boom in new jobs and new industries. The government's ambition for a future made in Australia will form a comprehensive, coordinated and practical strategy to seize these opportunities.

As the path to net zero will require innovation and investment across all sectors, the Australian Government is continuing to take major steps to realise the opportunities of an efficient, productive, high-wage net zero economy and make Australia a renewable energy superpower.

WHO ATTENDS CRITICAL MINERALS & ENERGY TRANSITION AUSTRALIA CONFERENCE AND EXHIBITION?

KEY THEMES

**Governments
(Commonwealth & States)
Regulations & Policy
Developments**

**Exporting Renewable
Energy (Solar, Wind &
Batteries)**

**Metals and Critical
Materials Trends,
Strategies, Supply &
Trade**

**Energy Transition
Financing**

**Green Steel
Opportunities**

**The Rise of Uranium &
how Australia Will Build
and Support the Defense
Industry?**

**Community Engagement
(Social, Environment &
Economic)**

**The Decarbonisation
Revolution - The ASX
Small Caps That Will Get
Us There ?**

**ESG | Climate
Resistance, Biodiversity
Health, Economic
Prosperity**

**Renewable Energy
Hubs**

**Hydrogen Production,
Use & Export - The Clean
Fuel of the Future**

**Low Carbon
Technologies & EVs**

**Battery Manufacturing &
Recycling in a Circular
Economy**

**Industry Partnerships &
the Role of Universities in
R&D Process**

Business Matching Made Simple & Convenient

1

Register to confirm your participation

2

Receive a list of attendees to identify the right person you want to schedule your meeting with

3

Confirm your availability & schedule your meeting

4

Attend meetings to connect and discuss project updates and your services face to face

WHAT TO EXPECT

STRATEGIC CONFERENCE & DISCUSSIONS

Our industry leaders provide new perspectives, share cutting edge knowledge and insights to understand the rapidly changing industry.

Panel discussions, keynote & premium presentations or fire side chats present a perfect platform for more intellectual discourse. Moreover, conversations with other like-minded individuals provides a great opportunity to exchange viewpoints and foster new business contacts.

EXHIBITION FLOOR

At Critical Mineral & Energy Transition, the exhibition floor provides attendees the perfect opportunity to explore the latest mining & energy projects and new discoveries and experience the latest technological gadgets and applications in person.

Speak to companies CEOs and discuss the feasibility of the projects and financing options. At the same time witness how latest innovations can be applied to enhance various processes in the mining & energy sectors, in ways never even previously thought possible.

NETWORKING MEALS & EVENING DRINKS RECEPTION

Food and drinks always make excellent conversation starters. Hence Critical Minerals & Energy Transition Conferences and Exhibitions devote substantial time to create the perfect environment for relaxed, casual networking meals and drinks.

With no set time limit on how long each meeting should last, attendees can freely mingle and discover new opportunities and contacts. The team is also on site to match make attendees based on their common business profiles or objectives.

1-2-1 MEETINGS

Undivided one to one attention is a tried and tested networking method. They can be a great platform to have confidential, direct and targeted conversations. Critical Minerals & Energy Transition Conferences & Exhibitions, with the help of the virtual business matching tool or on site staff introductions, facilitate such networking opportunities.

WHO SPONSORS AND EXHIBITS

Governments & Investment Promotion Boards

Mining Companies

Renewable Energy Companies

Technology Developers

Battery & EV Producers

Banks, Financial Services & Legal Firms

Mining, Energy & Engineering Consultants

Production, Processing and Exploration Services

Recycling Companies & Other Mining, Metals Solutions Providers

MARKETING OPPORTUNITIES

PREMIUM SPONSORSHIP

This option is for companies wanting to lead the market, demonstrate their expertise and increase market presence. Sponsorship packages are tailored to meet your specific business goals, and typically include speaking slots, panel discussion roles, a prominent stand and various marketing benefits.

GET CREATIVE WITH BESPOKE PACKAGES

Explore the benefits of our bespoke offerings to support your marketing efforts and grow your brand in front of Australia mining & energy leaders.

EXHIBITION STAND

There are 12 exclusive stands available on the show floor with variety of sizes available. Ideal for companies wishing to generate leads and network. The earlier you reserve the better the position you'll secure.

10 Reasons why you should get involved

- 1 Critical Minerals & Energy Transition is your chance to align your brand with forward thinking mining & energy executives, governments, entrepreneurs, investors & innovators
- 2 Brand your company & enhance your visibility in front of 200 industry professionals
- 3 Australia's leading & the largest platform solely dedicated to net zero ecosystem
- 4 Launch new projects, services, products & initiatives
- 5 Get brand prominence as an industry leader in Australia and benefit from growing investments in hydrogen, batteries, critical minerals & energy industries
- 6 Establish your presence & open doors to new markets before your competitors
- 7 Meet, engage and do business with business professionals across Australia
- 8 Generate new leads and meet investors & decision makers
- 9 Showcase your thought leadership with panel discussions & presentations
- 10 Benefit from our exclusive networking activities: 1-2-1 business meeting platform, lunches and evening cocktail receptions

WHAT YOU NEED TO KNOW ABOUT RARE EARTH ELEMENTS (REES)

What are Rare Earth Elements (REEs)?

They provide significant value to a nation's national security, energy independence, environmental future, and economic growth. Critical REEs are those deemed as supply risk and crucial towards clean energy technologies.

How many REEs are there?

There are 17 REEs as found in the periodic table.

How many REEs are there?
